OUR STORY

The major aim of the SIGHT Program in MAPCON-2023 is to foster increased involvement of IEEE AP-S Members in Gujarat and India in SIGHT activities, humanitarian enterprises, educational outreach and experience sharing, by bringing together accomplished SIGHT/HTA leaders, Start-ups working in Sustainability domains, NGOs and other program leaders. MAPCON-SIGHT program will provide a forum to SIGHT Volunteers, technologist working on UNSDGs , researchers, students and industry experts to present and discuss recent research breakthroughs, technical advancements and new findings in their work on Humanitarian Technologies and Sustainability.

UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

AP-S SIGHT event during MAPCON-2023 comprises:

- Presentation on recent SIGHT/COPE projects implemented in various parts of the globe
- Exclusive events for School (10+2) and College Students
- IEEE and MTT-S/AP-S membership development booth
- Focused Panel discussion on "Using Technology for Benefits of Humanity and Promoting Equality & Diversity: Opportunities, Ideas and Challenges".
- Interaction with school students from Ahmedabad.
